CLIENT QUALIFICATION ASSESSMENT

Forex Financial Services (“FFS”) provides each potential client with a qualification survey as part of the online account application process. The survey contains 21 questions, designed to test a potential client’s trading experience as well as their understanding of trading conditions, terms, risks, technology and products.

The assessment process takes up to 2-3 business days and potential clients are advised of the result via email.

Based on the responses provided in the questionnaire, FFS may accept or refuse the account application. FFS reserves the right to refuse any applicant it deems unsuitable for its products.
